First Workshop for Senior Educators and Fourth Transnational Partners Meeting

Workshop dates: 9th and 10th of April 2024

TPM date: 11th of April 2024

Venue: Belgrade, Serbia

Two important project activities were held in Belgrade from April 9th to 11th, 2024: The First Workshop for Senior Educators and The Fourth Transnational Partners Meeting.

The workshop, held on April 9th and 10th, was titled "Film and Seniors Activism." Its goal was to equip participants with knowledge on how to encourage and train seniors to plan, produce, and edit short films, thereby driving social change and contributing to the development of their communities. After theoretical familiarization with the basic characteristics of film art and fundamental concepts of filmmaking techniques, participants themselves engaged in the conceptualization, filming, and editing of short films. In this way, 19 adult educators from partner organizations were empowered and encouraged to use this method more extensively in their future work.

On the third day, April 11th, the Fourth Transnational Project Meeting was held. Partners discussed various topics important for project implementation, such as project management, implementation of project activities, financial aspects of the project, reporting, project risks, monitoring and evaluation, project promotion and dissemination, etc. Special attention was paid to the e-learning modules, toolkit for involving seniors in civic participation, and preparation of workshops in Treviso and Ljubljana. The meeting provided a good foundation for further quality project management and successful implementation of upcoming project activities.

CDER (Center for Social and Economic Development), the project partner from Serbia, was a good host of the workshop and meeting, providing the best possible conditions for productive work.
